- Collecting and then dropping off soda can tabs to either elementary school building. We collect these throughout the year and donate them to the Shriners Organization who uses the funds for Shriners Children's Hospital programs.
- Donating dry and canned goods, funds, or your time to help support our Elementary Backpack Program helping provide weekend meal items for students in need.
- Participating in our Box tops for Education Program. You can do this all from the comfort of your home! The "new" digital approach requires downloading an app to your phone and scanning your grocery

*President:* Carolyn {Corky} Marlowe

*Corresponding Secretary:* Deborah Harmann

*Treasurer:* Roy Parsons

**Board of Trustees meet at the Dexter Area Museum at 7:00 PM on the 2<sup>nd</sup> Tuesday of each month.**

*The Dexter Historical Society, in collaboration with the Dexter Volunteer Fire Department, is offering two "Special Occasion Calendars" for \$10 each or \$15 for both. Checks can be made payable to the Dexter Volunteer Fire Department. Contact Gerry Kostyk at 315-405-3412, Mike Heise at 315-778-6942 or Corky Marlowe at 315-782-4705. Calendars are good forever as there is no date on them. Thank You for your support!*

The goal of the Dexter Historical Society is to make the rich and interesting history of the Dexter area, including

Limerick & Pillar Point, readily available to all residents of and visitors to our community. To this end, the Society presents a series of programs and events each year and maintains the Dexter Area Museum, 105 East Kirby Street. It is our goal to open the Museum to the public at regular times each week. To make this possible, we must first complete the sorting & detailed cataloging of the Society's holdings, a task which will require significant time and effort from a team of volunteers. We invite anyone interested in assisting with this task to join with us in our efforts to provide regular public access to the Museum.

The Museum building is now over 180 years old. The exterior of the building has been scraped and repainted, the steeple has been repaired, and the bell which previously hung has been removed and mounted on a pedestal beside the Museum, with a big help from our fellow Village DPW. Interior maintenance still needs to be done; and pressure washing will be done to the exterior to remove grime and insects.

All are welcome to attend the meetings to learn more about the Society's work & programs. If you are interested in becoming a member of the Society, annual membership fees, per individual, are as follows: Regular Membership: \$10.00; Sponsor Membership: \$20.00; Patron: \$30.00; Lifetime Membership: \$200.00. There is no membership fee for students. To join, send information and fee to the Dexter Historical Society, PO Box 231, Dexter, New York 13634.

If you would like to help us create a truly available Dexter Area Museum or would like more information about the Society, please contact the Society **President Carolyn Marlowe @ 315-782-4705 or [church314@twc.com](mailto:church314@twc.com)**

Check out **Facebook.com** and enter **@dexternyhitory** into the search bar. John Stano, Village Historian, has created & maintains the Facebook Page.

We offer our sincerest thanks to the Dexter Community for all of your interest & support.

## **THE LAST STATION CAMPAIGN**

### **DEXTER VOL. FD, INC. & DEXTER HISTORICAL SOCIETY**

The campaign for the Last Station Project, a building to be constructed next to the Museum, which will house two old pumpers and other apparatus from the Dexter Volunteer Fire Department is coming along nicely.

We will be soon raising the fund-raising thermometer in the village square to \$70,000. Doing so is made possible by numerous individual donations, donations in memory of those who have passed on, summer concerts hosted by the Dexter Historical Society, a rafting trip hosted by the fire department and most recently another Stub's Run motorcycle ride sponsored by Caprara Harley Davidson. Thank you too all! The fire department is planning a final chicken BBQ for the season on November 6<sup>th</sup>. Please look for the signs.

Thanks to the help of the Village of Dexter, Town of Brownville and Jefferson Concrete the storm line on the historical society property has been successfully relocated to accommodate the new building. The Grange Hall, Masonic Lodge and Presbyterian Church purchased pipe etc. to make a parallel project to clean up the ditch between the church and grange possible. The excess dirt from the storm relocation project was used to fill the ditch.

The committee is in the process of refining costs for the building and is working with Duff Kitto to finalize building plans so we can obtain the necessary building permits over the winter to possibly break ground for the building in the spring. We are sure, during the building cost analysis, we are going to find that our 2019 estimate is probably light. But, with the help of the village, town, volunteer help and future contributions we are sure to make this building a reality.

To date there have been well over 100 donors donating varying amounts. At our last committee meeting we decided to establish categories for amounts donated and how donors are going to be recognized. The donors

will be recognized by having their names placed on a chief's helmet and hydrants that will be displayed in The Last Station. The following are the donor categories:

Chief's Helmet - \$1000+                      Gold Hydrant - \$500 - \$999  
 Silver Hydrant - \$250 - \$499              Bronze Hydrant - \$100 - \$249

The Maltese Memorial Cross, that has been on display at the Dexter Market, is continuing to fill up nicely. The memorial cross is to honor firefighters and auxiliary members that have answered their last call. The final resting place for the memorial cross will be at The Last Station and will become an important part of the department's history. The plaques for the cross can be purchased by family and friends of those who served the Dexter Fire Department. Forms, required for the plaques on the cross, are available at the display or by contacting Gerry Kostyk, Chairperson. Please phone or Text @ 315-405-3412 or email [gkostyk@twcny.rr.com](mailto:gkostyk@twcny.rr.com). Please don't hesitate to contact Gerry if there are any questions. Thank you to all that have donated time and made donations for the project! Gerry

***WATER & SEWER BILLING*** Beginning the April 1<sup>st</sup> through June 30<sup>th</sup> quarterly billing 2022, (reflected on the July bill), there will be a minimum quarterly bill for any water and or sewer account that is shut off. During the period which an account is inactive there will be no charge for water, sewer or refuse usage. However, the resident will still be responsible to pay their portion of the quarterly DANC and Water Debt \$63.00 *and or* Sewer Debt \$46.00 just as all active accounts do in their regular quarterly water bill. (Anyone tied into the water and or sewer system is responsible for paying their portion of the water/sewer debt for the infrastructure whether it is being used or not).

***SEWER INCREASE*** Beginning the April 1<sup>st</sup> through June 30<sup>th</sup> quarterly billing 2022, (reflected on the July bill), there will be a sewer rate increase of \$10.00 per quarter to sustain the sewer debt payment.

### ***SEWER DISCHARGES***

To the residents of the Village of Dexter,

In 2016 the Village of Dexter underwent a multimillion-dollar sewer system upgrade. At that time Village residents were notified to have any and all discharge water that was being sent to the public sewer system rectified.

***Per Village Code Article VI Use of Public Sewers, 232-25. Drainage discharges. It states “No person shall discharge or cause to be discharged any stormwater, surface water, groundwater, roof runoff, subsurface drainage, cooling water, or industrial process waters to the public sewer”.***

The Village is requesting inspections of the storm drainage discharges on all Village properties. The Village will begin enforcing removal of all “illegal” connections to the sanitary sewer system. The Dexter Code provides penalties at \$250 per day for the failure to comply with a notice to disconnect an illegal connection within 30 days. The Village expects there will be a high rate of voluntary compliance with this inspection program as the goal is to reduce sewer treatment plant costs, in turn keeping sewer rate increases to a minimum.

All residents are being asked to please call the Village Office to set up an appointment for an inspection with James Millington, Village of Dexter Code Enforcement. After being inspected documentation will be provided to the homeowner as well as being filed with the clerk in said resident’s file. Thank you for your time in the matter.

Respectfully,  
James R. Eves, Mayor

### **REMINDERS:**

The operation of Utility Terrain Vehicles is not permitted on Village roadways.

This workshop gives members the required hours for the year and 1.5 hours to carry over into the next year.
